

# Earth & Environment Building is #84 on the map.

**Walking route:** From main entrance beside the big white clock tower (Parkinson Building #60) head under the arch (a) immediately adjacent to the traffic barrier follow path for 150 yds.

At the paved area in front of the Great Hall (#57) turn left (b), after 30 yds turn right and pass through gates and immediately turn left passing bike racks (LHS) and the side on the Union building (#32) on RHS.

Cross over small footbridge (c), follow path round the Arts building (#31, looks like it is made out of black and grey Lego) and you should now be able to see the new Building on your left, follow path until there is a path turning to the left down towards the main entrance.
